(Night work is expected to continue until further notice.)

#### Additional Information

The construction zone is a 1½-mile section of the Generals Highway in Sequoia National Park between the park entrance on Highway 198 and Giant Forest. It is located between Amphitheater Point and Deer Ridge.

- Traffic will be restricted to a steep, narrow, and winding single lane at times.
- Drivers must follow a pilot/lead vehicle when work is in progress.
- Uphill-bound vehicles will be allowed through the construction area first at the designated times listed in the schedule above.

The portion of the Generals Highway from Hospital Rock to the Giant Forest Museum is currently closed to vehicles greater than 22 feet in length until December 31, 2010 due to Federal Highways road construction vehicle size limits. This regulation may be extended in the future.
